Should you have any questions about your claim, you should contact CanAssistance at **1-866-601-2583** (toll free).

Your travel health coverage will be eligible for direct billing with physicians, hospitals and clinics across the U.S. who are a part of the CanAssistance network. This means if you are eligible and the service is deemed to be covered, medical expenses will be processed immediately. You won't have to pay medical fees upfront and wait for reimbursement. You will only have to submit and sign the claim form and pay for other fees incurred (e.g., prescription medication).

How direct billing in the U.S. works:

1. Before seeking treatment, contact CanAssistance at 1-866-601-2583 (toll free) or 1-204-775-2583 (collect – country code may be required). These numbers are also located on the back of the Manitoba Blue Cross ID Card.
2. A CanAssistance representative will confirm your coverage for emergency medical care.
3. The representative will refer you to a medical facility that is as close as possible to your location, and they will email you an ID card to present upon arrival. They will also forward an authorization of service form to the facility. Either of these documents will exempt you from having to pay upfront for medical care or from having to make a deposit.
4. Following treatment, CanAssistance will review the specific details of the claim and, provided there are no exclusions in place specific to the treatment, payment will be made directly to the medical facility

Claiming Procedures for Extended Health Claims

All members may submit one claim form per year with less than \$50 of expenses. All other expenses should be accumulated and sent in for reimbursement when the total exceeds \$50.

Pre-Treatment Authorization

The pre-treatment authorization requirement has been established primarily to protect you by having possible misunderstanding resolved before expensive dental work is carried out.

If the cost of all treatments planned is expected to exceed \$500, Manitoba Blue Cross must approve the work in advance. After listing the work planned, your Dentist will submit your claim form, with supporting x-rays, directly to Manitoba Blue Cross. A notice of assessment will be issued to you and your Dentist.

Importance of the Fee Guide

Benefits paid by the plan are based on a specific dental fee guide established by each provincial dental association. While they are not required to do so, the majority of Dentists charge according to the rates set out in the fee guide.

When going to a Dentist for the first time, it is recommended you inquire about how they set the rates before any work is carried out. If the Dentist charges more than the fee guide, you will be responsible for the excess. In no event will the plan pay more than the Dentist's actual charge.
